

30th September 2011

Last chance to have your say

We encourage you, if you haven't already, to complete this short online survey to help us better understand your concerns and needs. The survey is closing at 3pm on Tuesday, so please take a minute to contribute your views. The information will be used by BSA in a strategic planning session next week. [Complete the survey here>>](#)

Congratulations and Farewell

Congratulations to Geoff Hewitt on his appointment to the board of PrimeAg Pty Ltd. As a result of which Geoff has decided to scale back and retire from the BSA committee. BSA thanks Geoff for his time and effort on the BSA committee. All the very best with the new appointment.

Short course in CSG water

Does talk about aquifers, interconnection, contaminants, recharge and salinity leave you feeling confused or uninformed?

The International Centre of Excellence in Water Resource Management is running a unique three-day course in Coal Seam Gas and Water.

This course will address the formation, production, treatment and management of water associated with coal seam gas (CSG) operation and give you the opportunity to learn more about recycled water applications, environmental concerns and best practice water treatment technologies 19-21 October in Brisbane. [Read invitation>>](#)

What can I do?

Are you worried about CSG but don't know what you can do? Here's how you can make a difference.

- Educate yourself about the current concerns about CSG development and tell a friend
- Consider the impact CSG may have on future generations' food and water security

- [Join BSA](#)
- Contribute a [donation](#) to BSA
